## GENERAL INFORMATION

**BOX KITCHEN** is manufactured in the US and shipped nation wide.

### **ordering:**

To inquire or place an order, please call our office @ 203.453.0546 or email us at [design@boxkitchen.com](mailto:design@boxkitchen.com)

### **shipping:**

Once an order is complete and a deposit is paid, your order will be shipped to you in approx 6-8 weeks. Shipping time varies 1-2 weeks, depending on your location. If changes are made after initial start date, shipping date may change.

### **delivery:**

Your boxes will arrive safely wrapped in cardboard boxes. Each cabinet box will be fully assembled: doors; drawers; trays; and panels will be assembled if weight allows. Otherwise they are easily attached in field. Some adjustment may be necessary by your installer or carpenter. NOTE: any kitchen installer and or contractor will know how to adjust the hinge and drawer hardware.

### **installation:**

All modular BOX components are designed to be installed with a minimum of effort. As long as a few important steps are followed, you will be assured of a perfect installation. We do provide a handy Installation Manual that we recommend reviewing with your kitchen installer and/or contractor.

### **samples:**

You can see color swatches of our laminates and wood veneers @ [www.boxkitchen.com](http://www.boxkitchen.com); or you may call for a sample ring.

### **help desk:**

You may call us for assistance @ 202.453.0546. 9am-5pm EST Mon-Fri

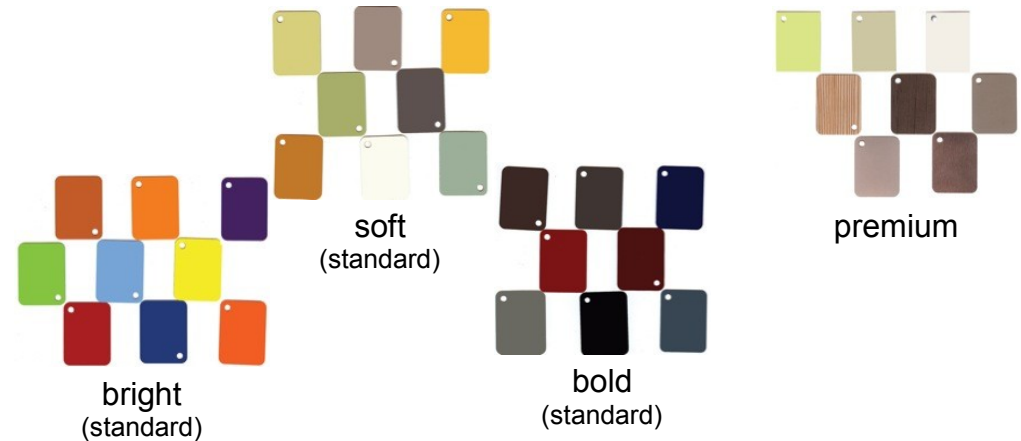

# THE BOX GUIDE

## MATERIALS

### laminates

- all laminates are mounted onto 3/4" multi-ply
- all laminate panel edges have clear finish
- panels with exposed edges will be edged with same laminate, unless noted otherwise
- 25 standard colors; satin and gloss finishes
- 8 premium finishes; metal, frosted and textured

### wood veneer

- all wood veneer is mounted onto 3/4" mdf, unless otherwise noted
- all wood veneer finished panels are edgebanded with matching material.
- all wood veneer has a clear finish
- all edges that are not visible will be edgebanded or sealed, depending on location of edge
- 4 standard veneers: straight grain fir, quarter sawn oak, walnut and maple
- premium veneers: aniline dyed, teak, vertical caramelized bamboo
